WHAT THIS COURSE IS **NOT**

- Our Tantra Method is not a Tantra-Yoga course and we will not practice asanas.
- Our Tantra Method is not a sex training course and no sex will be performed during class.
- We don't follow any religion or sect.

A black and white photograph of a couple's hands and faces, with a large yellow mandala graphic on the right side. The image is a close-up, showing the hands of a man and a woman. The man's hand is on top, with a ring on his ring finger. The woman's hand is below it, with a ring on her ring finger. Their faces are partially visible in the background, looking towards each other. A large, intricate yellow mandala with black outlines is overlaid on the right side of the image. The mandala has a central circular motif with radiating patterns, surrounded by multiple layers of floral and geometric shapes.

The object of tantra is to become so completely instinctual, so mindless, that we merge with ultimate nature – that the woman disappears and becomes a door for the ultimate; the man disappears and becomes a door for the ultimate.

OSHO

This course is for anyone who wants to expand their whole being through increased awareness of your senses, feelings and energies, and become a professional Tantra teacher.
